

LINCOLN COUNTY FEES & CHARGES  
**SOLID WASTE**  
 FISCAL YEAR 2020 – 2021

**LANDFILL FEE FOR WASTE DISPOSAL EFFECTIVE JULY 1, 2016**

A fee of \$99.00 per unit per year shall be imposed on the improved property of each owner (as of January 1 of the calendar year for which the fee is collected) within that benefit from the availability of the facility.

**Tipping Fees:**

Type of Material	Cost- Per Ton
MSW	\$41.00 Per Ton
Construction & Demolition	\$32.00 Per Ton
Yard Waste	\$17.00 Per Ton
Pallets	\$32.00 Per Ton
Dead Animals	\$41.00 Per Ton
Asbestos	\$216.00 Per Ton
Minimum on all loads charged across the scales	\$2.00

These fees are charged to private haulers of residential and commercial waste (the City of Lincoln is not charged for its waste disposal). Lincoln County residents with a current windshield sticker do not pay to use any of the County’s Recycling Centers. Lincoln County residents will pay to use the landfill if the amount of waste being disposed of is too large to be taken at a Recycling Center or if the amount of C&D material is larger than a single wheelbarrow load. Waste generated outside of Lincoln County is not accepted at Recycling Centers or the landfill. A \$2.00 Minimum on all loads charged across the scales.

- Municipal Solid Waste (Household Garbage) \$41.00 per ton

This waste comes from residential, commercial, industrial, governmental, or institutional establishments that would normally be collected, processed, and disposed of through a public or private garbage hauling service. Municipal solid waste does not include hazardous waste or liquid waste managed in a solid waste management facility owned and operated by the generator of the industrial waste for management of that waste, or solid waste from mining or agricultural operations.

- Construction and Demolition Debris (C&D waste) \$32.00 per ton

This is waste resulting solely from construction, remodeling, repair, or demolition operations on pavement, buildings, concrete, bricks, dirt or other structures, but does not include land-clearing debris (such as tree stumps) or yard debris.

- Yard Waste \$17.00 per ton

Waste consisting solely of vegetative matter (such as tree branches, grass clippings, leaves, land clearing debris (such as tree stumps) or yard debris, etc.) resulting from landscaping maintenance.

- Wooden Pallets \$32.00 per ton

A wooden object consisting of a flat or horizontal deck or platform supported by structural components that is used as a base for assembling, stacking, handling, and transporting goods.

- Dead Animals \$41.00 per ton

Consists of livestock animals or other animals that are deceased. Livestock and Poultry farmers must abide by USDA disposal standards for deceased livestock, poultry, and animals.

- Asbestos \$216.00 per ton/ \$200.00 minimum

Asbestos can be one of several minerals that do not burn and readily separates into long flexible fibers used many years ago in building construction as fireproof insulating materials. Asbestos can cause serious diseases of the lungs when people breathe its dust and may cause different types of cancer.

Those bringing Asbestos to the Lincoln County Landfill must provide a minimum of a 24 hour notification to the Solid Waste Facility and the Asbestos must be soaked with water and double bagged in 4.0 MIL contractor bags and taped around the opening of the bag before disposing of the product.

**If you have any waste disposal questions, please call 704.732.9030.**
