Backflow Assembly Testers Wanted

Lincoln County Public Works is currently seeking to provide our commercial and residential customers with a pre-approved list of qualified backflow testers and companies that test, maintain and repair backflow assemblies. If you or your company is interested in testing or repairing backflow assemblies in the Lincoln County area, please submit the following information by mail to the above address in care of the Cross Connection Control Program.

Please Note: To be considered for publication on our approved list of testers you must provide the following:

1. Copy of Testers Certification (**Must be Current**)

The following is a list of accepted certification schools:

- a. City of Asheville, NC
 - b. City of Charlotte, NC
 - c. City of Durham, NC
 - d. City of Fayetteville, NC
 - e. City of Wilmington, NC
 - f. NC Rural Water Association
 - g. NC Water Treatment Facility Operators Board of Certification
2. Current Phone Number
 3. Current Fax Number
 4. Copy of Differential Gauge Certification for all units (**All units must be certified**)
 5. Current Company name and address

- **NOTE: All approved individual testers or testing companies are required to give a 24 hour notice by fax of the location, name of customer and device information prior to testing or repairing a backflow assembly in Lincoln County.**

The information collected will be submitted to our commercial and residential customers upon request and will also be available on the Lincoln County Website. Lincoln County Public Works will **NOT** recommend any particular tester or company to be utilized but is only providing a pre-approved list to its commercial and residential customers.

If you have any questions concerning the above information please feel free to call Lincoln County Public Works at the above listed number.
